

# Accubid Supplier Link v11 – Setup for NetPricer

The following document will aid you in setting up the Accubid Supplier Link utility with your NetPricer user name, password, and supplier information. It will also walk you through the process of getting a price update for an open job.

### Launching the Accubid Supplier Link Utility

- 1. Open the Accubid program you are using and go to the Extension screen.
- 2. With the Extension screen grouped by item, click on the Send to Supplier Link icon in the toolbar (or click on Send to Supplier Link within the Extension menu):

Send to Supplier Link

3. The Supplier Link program will open.

#### Setting User Name and Password

- 1. Within the Accubid Supplier Link utility, click on the Settings menu and select Options.
- 2. You will be presented with the dialog below. Choose NetPricer as the service and enter the user name and password provided to you by ElectricSmarts Network.
